

To Patrons Unable or Unwilling to Wear a Mask While in the Library

- We are excited to have our doors open again and glad to see you.
- Based on the recommendations of the CDC and local health officials, our Board of Trustees has implemented policies intended to limit the transmission of the virus and keep the library as safe as possible.
- One of those requirements is that staff and patrons are always required to wear a mask covering nose and mouth in the public areas of the library.
- We respect that not everyone is able or willing to wear a mask.
- We ask that you respect that you will not be able to enter the library without one.

We are more than willing to make accommodations to serve you in that case. Please fill out the form below indicating what materials you are looking for, call us with your titles, or place holds on your online account. A staff member will collect them, check them out to you, and make arrangements with you to schedule a curbside pickup.

Thank you for respecting the difficult but necessary restrictions we must follow at this time.

REQUEST FOR ACCOMMODATION

Name _____

Phone Number _____

Library Card number _____

What materials are you looking for today?

We will call you as soon as your materials are available for curbside pickup to schedule a pickup time.

If needed – complete this form and put it in book drop.
